P.W.D.

Submitted.

2. The S.E., K.I.C. has submitted the proposal for sanctioning new Sub-Dn. to be named as "E Sub-Dn." in the Ghataprabha Left Bank Canal Dn.

The construction work in respect of the canal in the Ghataprabha Left Bank Canal Dn. has increased considerably on account of increased grant sanctioned for the work during the year 1952-53. In view of this, the Sub-Divisional Officer, D Sub-Dn., cannot attend to the survey work. In this connection, it may be mentioned that considerable area of the Krishna Valley is likely to be affected. It is necessary to complete this work as early as possible so that the excavation of distributaries can be started according to the programme the S.E., therefore, requests that the following estabt. may be sanctioned for a period upto the 28-2-53 :-

Estabt.	Scale of pays. Rs
1 Dy. Engr.	220-15-400-E.B.-20-500-E.B.-25-650
6 Surveyers	80-5-100-8-140-E.B.-10-220-E.B.-10-270
6 Sub-overseers	70-3-85-E.B.-4-105-E.B.-5-145
12 Karkuns	46-3-85
1 Senior clerk	92-8-140
1 Junior clerk	46-3-85-E.B.-4-105
3 Peons	30- 1/2 - 35.

The estabt. proposed above may be sanctioned in u.o. consultation with the F.D. for a period upto 28-2-53 in the first instance.

VSP.13/5/52.

3. Expenditure is debitable to the head "68-Construction of Irrigation, etc- Estabt." As the Expenditure involved in the present case exceeds

extra staff allowed therefor, there does not appear justification for sanctioning any addl. establishment much less a sub-Division. F.D. may not, therefore, agree to the P.W.D. proposal.

2 The S.E., K.D.C. has reported that it is not possible to transfer any construction staff for survey work from amongst the staff of other construction sub-divisions.

[Thro: JBr@ / B. Br.]

@ Will Planning Commission state as to how much amount the Planning Commission proposed to give in 1953-54 & 1953-54? cf. 4th para of ... E's letter.

16.8.52

3. An amount of Rs 50 lakhs for the year 1952-53 and Rs 127 lakhs for 1953-54 has been provided in the draft Five Year Plan of the Planning Commission.

20/8/52 BBr

4. The provision of Rs. 50,00,000/- exists in the current year's budget under the head "68-Const. of Irrigation, etc." It is not however certain whether full amount to the extent of Rs 127/- lakhs will be made available during the next year (i.e. 1953-54).

26/8/52

The matter may be taken up after the likely grants for next year are known.

Superintending Engineer,
Karnatak Irrigation Circle, Dharwar

No. G-47

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
C.V. Dharwar, 29th April 1952.

To

The Chief Engineer to Government,
Public Works Department,
Bombay-1.

Subject:- Ghataprabha Project Sub-Division at Jamkhandi- creation of the-

Due to shortage of funds and strict orders of Government not to incur excess over sanctioned allotments, and as permission to anticipate allotment was not given, the progress on the Ghataprabha Left Bank Canal work in the Ghataprabha Left Bank Canal Division had to be drastically curtailed during the year 1951-52. The 'D' Sub-Division, which was a construction Sub-Division, had to close down all construction work and it was converted into a purely survey sub-division vide Government letter, P.W.D., No. TCS/2751-F, dated the 16th June 1951. Then, however, Government authorised an additional expenditure of Rs.25 lakhs during 1951-52, construction activities of the Sub-Division had to be revived and Government approved of reconstitution of 'D' Sub-Division into a construction Sub-Division (mile 25 to mile 32) with headquarters at Raibag. Please vide Government Letter, P.W.D., No. TCS 1351 F, dated the 5th January 1952.

2. In view of the intensified activities of construction of the Ghataprabha Left Bank Canal works due to increased grants sanctioned for the work during the current financial year, the Sub-Divisional Officer, 'D' Sub-Division cannot devote any attention to survey work. Contouring a large area of the Krishna valley will require a long time and it is necessary to keep the survey work completed and start excavation of distributaries early next year as per programme chalked out. As this work is included in the draft 5-year plan, large amounts are provided for it in the next and subsequent years. In order to be able to be ready with the designs of distributaries etc. well in time, intensified efforts will have to be made to complete contouring as early as possible. To meet this contingency, an additional Sub-Division for contouring the Krishna valley is immediately necessary, with the following staff:-

Particulars of staff required.

1.	Deputy Engineer.
6	Surveyors
6	Sub-Overseers
12	Survey-Karkuns
1	Senior Clerk
1	Clerk
3	Peons (including 1 Chowkidar).

3. The present Designs, Survey & Distributaries Sub-Division in the Ghataprabha Left Bank Canal Division is fully engaged in the survey, design and construction of distributaries in the Ghataprabha valley and cannot therefore attend to survey work in the Krishna valley. Other sub-Divisions are fully occupied in construction work.

No. G-47

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 2nd August '52.

To

The Chief Engineer to Government,
Public Works Department,
Bombay-1.

Subject:- Opening of new Sub-Division at Jamkhandi.

Reference: Government Letter, P.W.D., P II No.TCS 2751 F, dated the 2nd July 1952.

Redistribution of staff in the construction Sub-Divisions has ~~xix~~ been already ordered according to actual needs in each Sub-Division and it is not possible to transfer any construction staff for survey work now. In fact the survey staff had to be diverted for construction.

2. If, however, Government is not going to give additional grants this year and will give less than what the Planning Commission has provided in their draft Report for the next year, I do not press for the additional sub-Division. The irrigation schedule will have to be postponed as a result.

Superintending Engineer, K.I.C.
